The Secession Occasioned by Recently Adopted Resolutions-Forty-five Members Withdraw.

Nevada Mail 17.

A number of the members of the Nevada Christian church, who dis sent from the resoultions recently adopted by the officers and accepted by vote of the church, met at the home of Mr. and Mrs I. W Conkling last evening to take action in

The resolutions are familiar to readers of the Mail. They make card playing, dancing, etc., a test of church fellowship. The dissenting members claim that under the organization and teaching of the Christian church that neither officers nor members have the right to adopt rules of church government.

About forty-five members assem bled at an early hour, and organiza tion was effected by calling Major W. W. Prewitt to the chair. Major Prewitt said that the objects of the action When the Christian church was organized, he said, some 75 years ago, the New Testament was laid down as a guide; and it has been the proud boast of our church that we hold the Bible alone as a guide, and had no human creed The officers of the church have now come to the conclusion that the apostles were not wise enough to lay down rules, and they have adopted rules for church government. We claim that they have over reached their author ity in this matter, and if we submit to these rules, they can adopt blue laws, if they like, one of which, I be lieve, prohibits a man from kissing his wife on Sunday. This is a species of fanaticism. There is no principle involved. These rules supplement the Bible. We are to be governed by that book, and not by laws laid down by church officers. For my part I feel that I cannot recognize them. But there is a graye question which confronts us. Some say they will go to a church with a known creed, gotten up by learned men, but others will go to the world We must be cautious for others. This church, as it is, has departed from the faith. It is not the Christian church. I for one, feel like withdrawing from it As to letters, I do
